THE INSIDE TRACK

Find out what our team got up to this season. **PAGE 10**

WHAT'S NEW THIS SEASON

NEW IN LA PLAGNE

MANAKA: Brand new, 4* luxury apartments, opening for the 2023/24 season, Manaka offers an exceptional location in the heart of Plagne Centre. With excellent views of Mont Blanc, this new residence's traditional alpine style offers 44 luxurious apartments.

SNOROC: The stylish apartments at Snoroc in Plagne Montalbert are ski-in/ski-out and boast a counter-current swimming area, sauna, steam room and hot tub – our team were really impressed with the spa area on a recent visit. A brilliant addition to our programme in a great location. For a chill after-ski evening, grab a drink at the bar and enjoy it in one of Snoroc's heated outdoor clear domes!

NEW IN FLAINE

ALHENA: A fabulous new addition in Flaine Forum. In an incredible ski-in/ski-out location, this residence offers luxurious south-facing apartments. Facilities include indoor swimming pool with separate children's pool, hot tub, sauna, steam room and fitness room, spa and a lounge bar.

NEW IN MÉRIBEL

FALCON LODGE: Right in the heart of the Morel area of Méribel, the 4* luxury Falcon Lodge hamlet is just 150m from the nearest lift. This residence with apartments, penthouses and three luxury chalets offers modern and stylish living. Facilities include an indoor pool and wellness area, and many of the properties have their own outdoor hot tub.

NEW IN LA ROSIÈRE

L'ORÉE DU BOIS: Brand new last season, L'Orée du Bois is just a few minutes from the resort centre. Formed of only six apartments, this residence's décor is inspired by the mountains. There are breathtaking views from each apartment, and some even have a private hot tub!

AND IN OTHER NEWS

BEST SKI OPERATOR 2023

We are beyond thrilled to have been named Best Ski Operator at this year's Telegraph Travel Awards – retaining our title from the previous awards in 2019! "Peak Retreats has defended its position as champion in this category – a victory that is a testament to the operator's ability to understand the changing demands of British skiers." – Lucy Aspden-Kean, Commissioning Editor for the Telegraph Ski writing on [Telegraph.co.uk](https://www.telegraph.co.uk)

HAPPY BIRTHDAY LES MENUIRES

This season marks 60 years since Les Menuires was established – what an achievement! This sunny resort sits at 1850m, and is perched between Val Thorens and St Martin de Belleville. The resort has a relaxed friendly vibe and holds the 'Famille Plus' label. A hub of activity – they are sure to mark this momentous anniversary with some spectacular events!

Don't miss a visit to Les Menuires' new Pointe de la Masse Museum, called 'The Machine Room'. Learn about the construction of the new gondola, the people involved and the secrets around the machinery. They even have a Lego® model of the gondola itself!

FULL "BOARD" IN VAL THORENS

We're pretty impressed by the new Le Board sports centre in Val Thorens. It has all the facilities you'd anticipate; a great pool, wellness area and more, but most impressive is the fact that its roof, designed to look like a snowboard (hence the name) can be used as an events space for 3000 people!

NEW! EN ROUTE ESCAPES

Make the most of your time in France with one of our new bespoke en route escapes. These special experiences allow you to explore more of France, from the vineyards of Burgundy to the Champagne region. Enjoy a night or two of escapism in a hand-picked selection of beautiful hotels conveniently located a short drive from the main routes to the Alps. Ideal for elevating your journey to or from resort. Find out more at [peakretreats.co.uk/escapes](https://www.peakretreats.co.uk/escapes)

ON OUR RADAR...

These properties were new last season and we think they are ones to watch; **White Pearl (left) in Plagne Soleil** with its indoor/outdoor pool, lounge bar and friendly team of staff wowed us when we visited; **Le Cristaux in Arc 1800**, which has the most amazing views from its sauna and one of the best ski rooms we've seen; **Cristal Lodge in Serre Chevalier** is a great new addition; this resort deserves to be on your bucket list. Look out for some exciting new resorts too, like Manigod (see page 16) and Auron, in the Southern Alps. FOCUS ON

SELF-CATERED CHALETs

Self-catered chalets are increasingly popular, especially for larger family groups who want the privacy of their own chalet yet the flexibility of self-catering. With our largest chalets sleeping up to 19, and superb facilities, which can include hot tub, wood burner, sauna and even cinema room, there's plenty to recommend them. Here we've picked three that feel like a home-from-home; you can find our full hand-picked collection at peakretreats.co.uk/chalets

THREE HOME-FROM-HOME CHALETs

CHALET CHARTRES, LES 2 ALPES

This spacious chalet has a wonderful atmosphere with its traditional-styled furnishings and cosy timber construction, whilst having room for many; it sleeps 15 across nine bedrooms. It's easy to walk to the shops, bars and restaurants in the Place de Venosc area of Les 2 Alpes, just 150m away. Les 2 Alpes offers 200km of snow-sure skiing with high altitude opportunities, after a day of which you can unwind in the sauna or hot tub on the terrace.

CHALET ARNICA, SAMOËNS

This traditional chalet has been built to an extremely high standard and has a beautiful, warm interior designed to maximise natural light. With five en-suite bedrooms, it can sleep up to 12. There's also an outdoor hot tub, perfect for relaxation, whilst indoors, underfloor heating and a stone fireplace add to the homely feel. Chalet Arnica is set in a quiet area a few minutes from the centre of the village of Samoëns (see page 14 for more on this resort). We can offer a private chef service in this chalet.

CHALETs TURRA & ARCELLE, VAL CENIS

These picture-perfect self-catered chalets sit just across the river from the Vieux Moulin gondola in the quiet hamlet of Les Champs. Both sleep up to 12 in four bedrooms and an alcove room with two sets of bunks, making them ideal for families. Each has its own private outdoor hot tub on the terrace with fantastic views over the river and the Val Cenis ski area (125km of slopes). A wood burning stove in the living area adds to the cosy feel of these chalets built using traditional stone and timber.

THE LOWDOWN ON ISÈRE

We quizzed the team from France's third biggest mountain destination, Isère

HOW WOULD YOU DESCRIBE ISÈRE IN A NUTSHELL?

Isère is a spectacular winter playground. Its capital is the city of Grenoble. It takes its name from the Isère river, whose source is close to another renowned ski area. Our 21 ski resorts offer so much variety with something to suit all tastes, interests and abilities.

WHERE SHOULD I HEAD FOR ULTRA HIGH-ALTITUDE SKIING?

Isère is home to Alpe d'Huez and Les 2 Alpes. Both offer summits of 3000m plus! With glacier skiing and Isère's two largest ski areas, these snow-sure resorts boast long vertical drops (up to 2300m in one run!) so you can maximise your skiing without taking a lift.

© Alps-Huez - Isère

HAS ISÈRE GOT ANY HIDDEN GEMS?

Les Sept Laux is a well-kept secret that we think UK skiers will love. Alongside a wide

variety of skiing, the resort offers safe access to the legendary unspoilt wilderness of the Pra valleys, a renowned spot for freeriders.

WHERE WOULD YOU RECOMMEND TAKING THE FAMILY?

There are some lovely family-friendly villages in the Alpe d'Huez Grand Domaine Ski area. They offer a tranquil base and family-oriented après (from dog-

sledding to curling taster sessions) yet have access to the area's 250km of slopes. We love peaceful Auris-en-Oisans, bustling Oz 3300, and charming Vaujany.

WHERE'S QUIRKY AND OFF-THE-BEATEN TRACK?

In the Vercors massif, you'll find Villard de Lans and charming Corrençon. They share one of the largest Alpine and Nordic ski areas in the Vercors. Villard de Lans hosts an unlikely scallop festival in March with 37 tonnes of scallops brought in from Brittany and live music and dancing!

© FOCUS-OUTDOOR

WHICH RESORT IS CLOSEST TO GRENOBLE?

In Chamrousse, you can ski overlooking the city, as it's only 30km away. The views are spectacular, particularly at dusk as the city lights start to come on. Off the slopes, you can try out the new 2km long zipline that opened last season.

HOW CAN UK SKIERS GET TO ISÈRE?

Access from the UK is easy. There's an easy drive from Calais with motorways almost all the way or take the train (Isère is only three hours from Paris by the fast TGV train), or if you choose to fly Grenoble Alpes Isère airport is a convenient gateway to all the resorts.

PEAK RETREATS PREMIUM

Our Peak Retreats Premium properties have undoubtedly raised the bar when it comes to luxury. They boast exquisite interiors, with extra touches that make your ski holiday that little bit more special, from plunge pools to private bars. They are all beautifully appointed with stunning interiors and superb facilities, and are in amazing resorts and locations.

From a standalone chalet on the slopes in Les Arcs and ski-in/ski-out apartments in world-class resorts like Courchevel, Méribel and Val d'Isère to understated luxury in pretty villages resorts such as Saint-Martin-de-Belleville in the 3 Valleys (see Chalets Caseblanche on page 31), and Les Gets in the Portes du Soleil, each property has something different to offer. You'll find premium properties across our programme. Discover all of these at peakretreats.co.uk/premium and talk to our team about putting together a truly unforgettable tailor-made ski holiday in one of our finest properties.

MANALI LODGE, COURCHEVEL

This stunning 5-star property is the result of the complete transformation of the iconic Manali Hotel, which has embodied luxury for the past 10 years. Manali Lodge ensures that the name continues to be synonymous with outstanding accommodation, facilities and service. It has a perfect ski-in/ski-out location at the foot of the slopes and is just 30m from the Ariondaz gondola.

Selected apartments have a hot tub on the terrace, the largest apartment boasts a cinema room, and facilities include a wellness area (main image) with indoor pool, sauna, steam room and two on site restaurants. A new sister property opens in Val d'Isère this winter, Silverstone Lodge will be the epitome of luxury, in an exceptional ski-in/ski-out location, just two minutes on skis to the village centre. Services here include a ski butler, and breakfast, afternoon tea and dinners served in your apartment.

CHALET COCOON, PLAGNE 1800

Chalet Cocoon is perfect for large groups of friends or family. This luxury chalet was created in a former hotel that has been completely transformed. It sleeps a maximum of 19 in seven bedrooms, and if you are an even larger party there is more room available

in the neighbouring group of three other chalets. Facilities at Chalet Cocoon include an outdoor sauna, as well as a terrace with a hot tub that offers a fantastic view of Mont Blanc. The convenience offered at this location is also superb, with the 1800 chairlift just 80m away, and an on-site restaurant that can also offer a takeaway service, La Table du Cocoon.

CHALET CASCADE, ARC 2000

We don't think that there's a rival to Chalet Cascade in terms of location. This stunning spacious chalet is set apart from the resort in Arc 2000, allowing you to fully enjoy the tranquillity of the mountains after the slopes have closed. It sits just past the ESF snow kindergarten and is surrounded by the runs

that take you back to resort, so easy access to the slopes is a given. The light-filled open plan double-height living area has a reading room above it accessed by a glass walkway. There's a fireplace, fully equipped kitchen and a sauna and plunge pool with unbeatable views over the mountains and slopes. Arc 2000 is part of the vast Paradiski area with 425km of piste, so if you can tear yourself away from the chalet, the skiing is epic.

CHALET SKADI, VAL D'ISÈRE

The stunning chalet apartments at Chalet Skadi combine stylish warm interiors with superb facilities. The beautiful low-lit relaxing pool area, sauna and steam room, spa, and welcoming residents' lounge, give this property an undoubtedly luxurious feel befitting of Val d'Isère's upscale credentials. Exquisite attention to detail is evident in the décor from eye-catching wallpaper to distinctive lighting. A number of apartments have a wood burning stove or open fire in the living area. Chalet Skadi's sister residence, Chalet Izia, also in Val d'Isère, boasts the ultimate ski-in/ski-out location on the renowned "M" piste, just a short, easy, ski from the main lifts.

THE INSIDE TRACK

We've skied all over the French Alps this season, ending on a high with our team trip to Les Arcs. Here are some of our best moments:

Jess We had some amazing powder days, which for me means tackling some challenging nature runs. The notorious Robert Blanc run was a highlight – it tested my nerves and was an absolute thigh-burner.

Sophie Skiing in Les Arcs was such an enjoyable experience. The ski instructors were very professional and attentive to my ski level. I never felt out of my comfort zone!

Yulia Taking a walk along the path from La Rosière to Les Eucherts as it got dark was magical - the path was all lit up with pretty neon lights, like our very own Narnia experience!

Sam I loved the beautiful wide tree-lined runs leading down to Peisey Vallandry. Paradiski has slopes for all types of skiers and snowboarders, and it's definitely a resort I will be returning to.

Alison Being able to give my teenage children more independence this season was great. In Montgenèvre there was a perfect set of runs in the Gondrans sector where we could meet up at the bottom each time but all ski different routes down.

Hannah My dad and I loved being back in one of our favourite resorts this year – the Alpe d'Huez Grand Domaine Ski area has such a wide choice of pistes that we find new slopes every time we visit!

Top 5 Unusual Activities...

1 La Lumière de la Muzelle, Les 2 Alpes - This annual trail runs from the top of the resort down to the village, enjoying the sunset and night sky along the way.

2 Ice Bathing and Ice Diving, Tignes – Plunge into icy waters and experience an underwater world of tranquillity – day or night!

3 Bubblefoot, La Rosière – Put on your inflatable bubbles and take part in a team football tournament with family and friends!

4 Via Ferrata, Val Cenis – Usually a summer activity, you can enjoy the heights of via ferrata during winter in Val Cenis!

5 Ski Joëring, Avoriaz – This ancient mode of transport, where you are on skis and pulled along by a horse, is made for animal lovers. Walk, trot and even gallop, there's a speed for everyone!

Discover... Saint-Martin-de-Belleville

Nested in the heart of Les 3 Vallées, the world's largest ski area, Saint-Martin-de-Belleville is the epitome of a hidden gem; authentic, with a simple warmth and serene spirit, this village resort has our hearts. Luxury boutique properties sit alongside sympathetically converted old farm buildings that embody the rustic charm and rural heritage that make Saint-Martin-de-Belleville unique.

Clip on your skis and you discover another reason why we love Saint-Martin-de-Belleville. Take the gondola from the heart of the village and you'll soon be skiing on immaculately groomed slopes, where you can rediscover the freedom of wide-open vistas and awe-inspiring snowscapes across the 600km of slopes of the 3 Vallées area.

For Christmas and New Year, the village streets sparkle with twinkling lights and magical decorations.

The gastronomic credentials of the resort draw skiers from across the 3 Vallées. Its restaurants are an ode to local produce and there are Michelin-starred restaurants, homely bistros or altitude restaurants, like Le Maya, to rival any in larger resorts.

A visit to Michelin-starred La Bouitte in the neighbouring hamlet of Saint-Marcel is a must. The duo René and Maxime Meilleur is also behind the bistro, Simple et Meilleur, at our Caseblanche property. Don't miss the opportunity to take home some local sheep milk cheese, visits and tastings are offered at the Trantsa farm, or to taste the valley's new beers at the Brava Vela brewery.

In Saint-Martin-de-Belleville, good food is only ever a short ski away. The Belleville valley where Saint-Martin sits has been awarded a prestigious Flocon Vert for its green credentials. The valley is looking to a sustainable future while retaining its unique history. This seamless blend of the past and the future is what makes Saint-Martin-de-Belleville so special.

Our Winning at Winter challenge is all about making the most of the mountains whether that's doing something more unusual like those activities above or having a snowball fight and making a snow angel. We've put together a list of 20 challenges, find out more at peakretreats.co.uk/winning

READY, SET, SKI!

We take care of everything so you can focus on enjoying the mountains! Our ski holidays come with a return **Eurotunnel** crossing so you can drive down to the Alps at your own pace, taking as much kit as you need. Plus, we can arrange everything from ski lessons to lift passes.

TRAVEL

EUROTUNNEL Our ski holidays include a **return Eurotunnel** crossing for a standard car and we give you a **free** upgrade to the premium **FlexiPlus** service, except at some school holiday weeks. You can of course just book your accommodation with us if you prefer. With FlexiPlus, you can just turn up on the day you've booked to travel and board the next available shuttle so no need to rush to make a specific departure time. Drive on in Folkestone and off in Calais and you're pretty much straight onto the motorway. Taking your own car means you can also bring as much as you need to from home. Our team loves the FlexiPlus lounges, where you can stop off for a coffee and a snack before you board your shuttle - all included as part of the service!

TRAINS TO THE ALPS For those who aren't keen on flying or prefer to leave their car at home, we can arrange travel by train - take a Eurostar to Paris or Lille then pick up a French high-speed TGV train down to the Alps. Lots of our resorts are very easily accessible by train. Get in touch with us to find out more about this sustainable choice.

TRANSFERS If you've arranged your own travel or you're travelling by train, we can arrange a private taxi transfer to your resort from your arrival airport or train station. Contact us for a quote.

EN-ROUTE STOPOVERS Break up your journey to or from the mountains with our selection of hotels in ideal stopover locations. This season we've also introduced a range of en-route escapes, special places to stay that will make you want to extend your holiday, see more on page 5.

SKI AND BOARD HIRE

We have a partnership with the popular Sport 2000 sports shops meaning you can pre-book your ski equipment hire with us and pick up your skis, boards, boots and helmets on arrival in resort. As a little bonus, we give you seven days ski hire for the price of six so you can pick up your kit on the day you arrive, making your first full-day in resort easier.

LIFT PASSES

You can buy six day passes for most resorts through us. For the majority, we'll send you your hands-free lift pass cards with your travel documents, so you'll be ready to get on the slopes, and can avoid having to queue at the lift pass office. We have some great lift pass deals, find these at peakretreats.co.uk/liftpassdeals

SKI SCHOOL

Book ski school through us in advance to ensure you have a spot (peak dates and morning group lessons in particular fill up quickly). We work with the excellent Ecole de Ski Français (ESF). Their instructors speak English and have a wealth of local knowledge meaning that lessons not only improve your skiing but help you get the most out of the ski area, whatever your level.

STAY IN STYLE

Our accommodation is all personally selected by our Directors. We've hand-picked properties that have superb facilities and are not only comfortable but also in great locations, whether that's in the heart of the resort or with easy access to the slopes.

ACCOMMODATION

SELF-CATERED APARTMENTS Apartments give you your own private space, you can eat in or out and stick to your own timetable, and they represent great value. Spacious living spaces and superb facilities such as indoor heated swimming pools, saunas, steam rooms and hot tubs, are becoming the new norm and we're proud to feature some of the most exciting new developments in the French Alps. The food delivery service we offer makes self-catering even easier. Order before you go to get delicious ready-to-cook meals delivered to your apartment. Read more at peakretreats.co.uk/huski

SELF-CATERED CHALETS

We've expanded our range of self-catered chalets as these are always in demand. Our self-catered chalets are all different; they make a great choice for larger family groups as open-plan living / dining areas mean everyone

can get together in the evenings, facilities can include private hot tubs, saunas and even cinema rooms! Take a peek at three popular chalets on page 6 and discover more at peakretreats.co.uk/selfcateredchalets

HOTELS FOR SHORT SKI BREAKS We offer a selection of excellent 3, 4 and even 5-star hotels, from cosy family-run hotels to trendsetting designed properties, many of which can offer short ski breaks. If you're looking at sneaking in an extra ski this season then see peakretreats.co.uk/short-ski-breaks and give our team a call to discuss your plans.

SPA TREATMENTS A post-ski massage or beauty treatment makes a great gift for Christmas, Valentine's Day or Mother's Day, all of which fall during the ski season! Alternatively, treat yourself! Pre-book spa treatments at selected properties, including most of our Directors' Choice range, in partnership with Ô des Cimes – Spas d'Altitude.

DIRECTORS' CHOICE

Our Directors' Choice range is a selection of 4-star self-catered properties with great facilities. They stand out for their comfortable, spacious apartments with well-equipped kitchen areas and facilities such as indoor pool, hot tub, sauna and steam room and a spa. Little touches like beds made on arrival, complimentary toiletries and end of stay cleaning, make your stay more relaxed.

SAMOËNS

This village resort has a genuine friendly lived-in feel, pretty streets to wander and excellent skiing in the vast Grand Massif ski area. If you're looking for a resort that's going to suit skiers and non-skiers alike, then this could be it. The fast gondolas from the village take you to 1600m and an excellent beginners' area. From there, you can ski over to Flaine, across to Les Carroz, and enjoy lots of intermediate cruising. The village's charming centre with its cafés, restaurants, boutiques and historic covered marketplace give non-skiers lots to explore. Samoëns is easily accessible from Geneva and has one of the shortest driving distances from Calais.

© Christian Martelet

THE INSIDE TRACK

"Samoëns is a fantastic village offering something for everyone. With north-facing slopes and easy access to the Grand Massif ski area, it provides great skiing for all levels. The Grand Massif Express and Vercland gondolas take about 8 minutes to access the ski area. We really enjoyed our last family holiday to Samoëns and can't wait for our next trip!"

LES SAISIES

This ski village has a traditional resort feel, from its vibrant centre to the good selection of bars and restaurants. The extensive Espace Diamant ski area links six pretty villages and its varied terrain is well-suited to beginners and intermediates, with plenty of blue and red runs. Snow conditions here are above average due to Les Saisies' proximity to Mont Blanc (and the views are really beautiful too). The resort is also well-known for its Nordic skiing with 120km of tracks.

WHAT OUR CLIENTS SAY

We revisited Les Saisies recently for the first time since our first ever ski trip around 19 years ago. It has grown but in a really good way. Le Signal [sports and aquatic centre] and the free resort shuttle bus service were incredible. Residence Amaya in the forest was excellent. Highly recommend it.

SAINTE FOY

This popular, friendly resort has a definite draw with clients returning season after season. It's small but mighty with a winning combination of tree-lined slopes that suit families and outstanding off-piste that satisfies more experienced skiers. 'Natural ski' experiences, specially designed ungroomed trails through the forest, allow all skiers to experience the freedom of a different type of skiing. Whilst for non-skiers there are marked trails for walking or snowshoeing.

THE INSIDE TRACK

"Sainte Foy is where I'd take my own young family skiing; being compact, the resort feels safe for littler children and is so pretty with a quaint village centre. From dogsledding (there's a baby musher experience for 3-7 year olds!), to forest bathing, there's lots to do off the slopes. I loved the family-friendly feel."

TIGNES

The Tignes Val d'Isère ski area lays claim to some of Europe's best high-altitude skiing. The highest resort in the ski area, Tignes Val Claret, is also the liveliest. For skiing with breathtaking panoramic views, take the funicular and cable car up to the Grande Motte Glacier, the top of the ski area, at 3456m. If you love the idea of all that skiing but prefer a smaller resort, then Tignes 1800 is an ideal quieter base with access to the same world-class slopes. It's been designed for skiers yet has a traditional village feel. Families and beginners will love Tignes ski progression zones across the ski area enabling newer skiers to gain confidence.

LA ROSIÈRE

The variety of terrain offered by La Rosière's 200km of slopes keeps skiers coming back. There's something for everyone; from themed fun slopes through the trees and a boardercross to the wide selection of blues and reds, a freeride area and a link over to Italy where there are some wide reds and, of course, pizza! A pretty path through the forest links the resort's two areas, which both have a choice of restaurants and shops. With plenty of slopes for progression and a friendly atmosphere, La Rosière is a top choice for families.

THE INSIDE TRACK

"La Rosière has a special place in our hearts, we loved our trip there with a big group of families. As well as skiing, we loved the igloo bar, the ski school crêpe party and trying ski boot wanging (like welly wanging!). LES ARCS

Les Arcs which, together with La Plagne and Peisey Vallandry, forms the Paradiski ski area, has something for everyone with 425km of slopes. With tree-lined slopes, vast snowy bowls, boardercross and snow parks, you can ski a huge variety of terrain. Arc 1800 is a lively purpose-built resort with a great choice of bars and restaurants. Arc 2000 is the highest of the Les Arcs resorts, as well as offering some challenging skiing from the top of the Aiguille Rouge glacier, it feels like the heart of the ski area with a vast choice of runs to and from the resort.

THE INSIDE TRACK

"I wasn't expecting to find so many beautifully wide tree-lined runs like those leading from Les Arcs down to Peisey-Vallandry. Having mainly skied ultra-high-altitude resorts, I'd not really experienced much skiing below the tree line before heading to the area, and I fell in love with these runs!"

ISÈRE Alpe d'Huez and Les Deux Alpes

France's third biggest ski destination, Isère, is in the heart of the French Alps. Alpe d'Huez and Les Deux Alpes, with their world-class slopes and lively après ski, are perhaps two of the most well-known resorts in this impressive area.

Alpe d'Huez (pictured here) is set on a sunny plateau above the treeline and boasts 250km of slopes. A particular characteristic of the ski area is its long runs where you can ski long vertical drops without having to take any lifts. As well as its legendary black runs, the ski area has two special areas reserved for beginners, and a 1200m sledging track.

Les Deux Alpes is in a beautiful setting with dramatic mountains all round. There are slopes on both sides of the resort, which ensures a great variety of terrain. Skiers of all levels can ski the high-altitude runs at the top of the resort on the glacier. Both resorts are easily accessible from Grenoble and an easy drive from Calais.

Read more about Isère on page 7.

© Lionel Royet - Alpe d'Huez Tourisme

THE INSIDE TRACK

"I skied Alpe d'Huez with my husband who was a complete beginner. He loved the wide variety of green and blue slopes and we were still able to explore the far reaches of the resort together. This is the nice thing about Les 2 Alpes too – there are some great high-altitude blues, which build confidence. Our favourite lunch spot was La Plage des Neiges, which has a sunny terrace. If you're in Les 2 Alpes, our team tells me that stopping in at the Umbrella bar after a day on the slopes is a must."

ISÈRE Oz 3300 and Vaujany

The village resorts of Oz 3300 and Vaujany (pictured here) are found in Isère, France's third biggest ski destination. Both resorts enjoy access to the same world-class slopes as their more famous neighbour, Alpe d'Huez.

Vaujany's main slopes are made up of easy greens and cruisey blues, which ensures its popularity with families. Take the cable car up to 2800m in just 15 minutes and you can access the vast Alpe d'Huez Grand Domaine Ski area and more challenging pistes. In the pretty village centre, you'll find an impressive sports centre with an indoor ice rink and a pool.

Oz 3300 is the new name for Oz en Oisans. Nestled at 1350m, in the heart of the Alpe d'Huez Grand Domaine Ski area, Oz is a resort that appeals to families, with its predominantly traffic-free centre and friendly atmosphere. The run back to resort is a gentle blue, great for children and beginners.

VAL CENIS

Despite its popularity, this friendly, unspoilt resort still manages to feel like a well-kept secret. It is made up of two traditional villages, Lanslebourg and Lanslevillard, that share the resort's 125km of largely north-facing slopes. As well as confidence-building greens (such as the 10km L'Escargot run), there's plenty of blues and reds, offering progression for beginners and intermediates. The views over the Lac du Mont Cenis from the viewpoint at the top of the ski area (at 2800m) are breathtaking.

Montgenèvre sits right on the border with Italy and is part of the vast international Milky Way ski area. It has a unique Franco-Italian atmosphere, you'll hear Italian spoken just as much as French! THE INSIDE TRACK

"We loved family-friendly Montgenèvre – the resort itself is fairly flat so it's easy to get around with little ones. The snow front has a sunny boardwalk with benches, perfect for an after-ski school picnic, and the fun slopes opposite with bumps and turns keeps children busy! The real Italian pizza is an added bonus too!"
